

## **Assessment of the viability of an Agri-Hub in the Ventersdorp region**

OABS were requested to give an expert opinion on the financial viability of an Agri-Hub in the Ventersdorp region with the following elements:

- Grain Silo facility
- Maize mill
- Biodiesel plant
- Animal Feed Mixing facility
- Vegetable Oil processing
- Food processing facility
- Vegetable packing facility
- Workshop
- Mechanisation depot
- Agricultural Input Store

In addition it is envisaged to develop two demonstration units for:

- Broilers
- Hydroponic vegetable production
