

Enterprise development plans and pre-feasibility studies for emerging potato farmers

PSA has through its head office and regional structures, in consultation with external stakeholders, identified emerging Black farmers in 6 different provinces that have the potential to enter the Enterprise Development Programme (EDP).

OABS were required to prepare business plans clearly outlining the overall development strategy for the new farmers for a period of four (4) years in terms of:

- Management
- Technical Support
- Technical Experience
- Infrastructure
- Finance, and
- Human Resources
