

Financial viability study - Trevor's Farm

To investigate the long-term financial viability and sustainability of Trevor's Farm CC, OABS's approached the task within the following frame work:

1. Evaluate resources and infrastructure developments since 1999
2. Compile a list of Government funding received over the years
3. Evaluate development since establishment 1999.
 - Capital investment (Government vs. Bank vs. Own funding)
 - Production data
 - Total labour employed
4. Analyse financial position
 - Investigate various scenarios and ratios
